Who has any troop bank ATM/Debit cards? \_\_\_\_\_

**Product Sales Payment Agreement**

All product sales collection transactions between the council bank account and troop bank accounts will be done by ACH (Automatic Clearing House.) ACH is a nationwide electronic funds transfer network which enables banks to distribute electronic charges to bank accounts and to settle such entries. The troop is responsible for depositing all monies into the troop bank account (please see the check policy below) by specified dates provided by the council. Specific dates will include payments for Fall Product Sale Program, and initial/final payments for the Cookie Sale Program.

Please attach a voided troop check, photocopy of a voided troop check or official bank ACH letter to this form. Once received, the troop bank account information will be filed and held on record to be used for future ACH transactions between the council bank account and troop bank accounts. IF the troop bank account information changes for any reason, such as changes in signers on the account, account number, etc., a new Troop/Group Bank Information form must be submitted within two (2) business days.

This authorization must be signed by all authorized check signers for the troop. By signing this agreement, the troop acknowledges and authorizes Girl Scouts of North-Central Alabama to debit or credit the troop bank account for ALL product sales collection transactions between the troop and council accounts.

**Please note: ACH transactions may take 3-5 business days to clear your account once it has been initiated.**

**Signatures on Account – There must be at least two adults on the account who are registered members and approved by the council. Checks can require only one signature.**
