Eliza's Trunk Program Details

- Eliza's Trunk Bags are ordered by troops for girls to have product in-hand at the beginning of the Fall Product Program. All bag items will be entered into M2 by Council at the end of the sale and the TFPM will distribute to the girls to earn rewards.
- For troops that order trunks, the items will be entered on the "Extra Product" line and payment will be due with Fall Product payments. Troops will then need to move items to participating girls.
- Individual Girl Scouts may also sign up for the Trunks but will be required to pay for the bags when picked up. Council staff will then enter these payments into M2 and credit the troop for the Girl Scout.

How it Works

- Customers can pay for the trunk products using cash or check. If a customer only has a credit card to use, an order for Girl Delivery or Direct Ship must be completed. **Credit cards cannot be accepted through the M2 platform for these items.** If the troop has a process to accept credit card or other on-line payments, the troop can be paid directly.
- Parents/TPMs do not need to add these items in M2 – items will be loaded into the M2 System by Council.

TFPMs will receive an email by the end of September informing them of any Girl Scouts in their troop who are participating in the Eliza's Trunk Program. For any girl-ordered trunks, GSNCA will enter the payments to the troop.

Rewards

The Trunk Bag contains 18 Fall Product nut and candy items that will be counted towards Girl Scout Rewards earned during the 2024 Fall Product Program. These items will automatically be calculated in the M2 System for Girl Scouts who sign-up to participate in the Program. Girl Scouts will also receive a patch.
